Dr. Scort and associates—I received from your institution, some cight weeks ago, one bottle of your Catarrh Specific for myself and one bottle of Katalja Extract for my wife, and I can say that both of them have done all they claimed to do. One application of the Catarrh Specific, full strength, did more good than all I had ever used before, and I had tried almost everything. The Katalpa Extract has also given perfect antifuction. Enclosed find \$25, for which send me the following "University Medicines" for friends.

The University Medicines are evidently destined to become the remedies of the day. Already their saie is more extensive than that of any medicines. Thousands of physicians and patients are using them with a success bordering on the thaumaturgical. Painful and erhausting complaints, which resist all other methods of treatment, are cured by them almost instantaneously. If on trial they are not found to be the most rapid and efficacious curers of disease on the face of the earth they will be furnished free. They stand on their merits alone. Illustrated descriptive books free to all. Open day and night.

CTEAMSHIP CITY OF BRUSSELS.

MARCH 23, 1570.

To Captain Kennedy, Steamship City of Brussels:

We, the undersigned, passengers by the steamship City of Brussels on her present voyage from Liverpool to New York, beg to spress to you the perfect confidence we have felt both in your noble ship and yourselt during the very tempestuous passans we have experienced. The time has been of no common character. From a very short period after the commencement of our voyage we have had a succession of gales, in which, under Frovidence, not only was a first class ship necessary to insure our safety, but also a seeman whose ability, care and devotion to his duty were of the most exemplary kind. We are thankful to say that in the City of Brussels and in yourself we were fortunate in finding all those requisites; and in now bidding you farewell we do so with the ferveut prayer that you may live long to do your part as you have now done—as an ornament to the profession to which you belong.
